You can have your warrants registered in two ways:

1. In a securities custody account with a bank or other nominee (for example, Avanza or Nordnet), in an investment savings account (Sw. *Investeringssparkonto*) or endowment account (Sw. *Kapitalförsäkring*). Your warrants are then nominee registered.
2. In a VP-account (a VP-account starts with three zeros). Your warrants are then directly registered.

Subscription and payment of new shares, by exercise of warrants, shall be made to the account-holding bank/nominee with which the warrants are registered. The subscription and payment shall be made in accordance with instructions from each such bank or nominee. Usually, the bank/nominee sends out a digital notice to the account holder, otherwise it is enough to log into the securities custody account from the first day in the exercise period in order to get instructions on how to exercise warrants for subscription of new shares. If you do not find these instructions, please contact your bank or trustee. Please note that banks and other nominees may set different time limits for the last day for subscription, hence it is recommended to contact the account-holding bank/nominee early in the exercise period. Subscribed and paid for shares may be entered as "interim shares" or "IA" into your securities custody account until registration of the new shares is completed with the Swedish Companies Registration Office, whereby interim shares will automatically be converted to shares in Sotkamo Silver.

If your warrants are directly registered

Completed subscription form and payment must be registered with Hagberg & Aneborn Fondkommission AB no later than on May 28, 2021. Subscribed and paid for shares will be entered as "interim shares" or "IA" into your VP-account until registration of the new shares is completed with the Swedish Companies Registration Office, whereby interim shares will automatically be converted to shares in Sotkamo Silver.
